PublicVine
Edit Profile Settings Design
April 6, 2011
The document references: PublicVineEditProfile06Apr11update.pptx

Team,

Here is an updated design for Edit Profile Settings. Please note, that the fields in
PROFILE need to match, LINE BY LINE, what is here in Edit Profile Settings. This will
require moving some fields from one category to another in PROFILE. Follow this PPT
for which field belongs in which category in PROFILE.

Also, remember, if I leave ALL CHECK-BOXES un-clicked, then that means I don't want
ANYONE on the platform, aside from myself, viewing that information.

Slide 1
This is what I see when I enter Edit Profile Settings via Profile
Functionality:
1. IF I click "About" THEN I see slide 2
2. IF I click "Statistics" THEN I see slide 3
3. IF I click "Basic Information" THEN I see slide 4
4. IF I click "Contact Information" THEN I see slide 5
5. IF I click "Education" THEN I see slide 6
6. IF I click "Work" THEN I see slide 7
7. IF I click "Vines/History" THEN I see slide 8

Slide 2
Functionality:
1. IF I click "Back to Categories" THEN I see slide 1 (this also is true for slides 3-8)
2. IF I click "Submit" THEN the changes made are saved and I see slide 1 (true for
    slides 3-8)
3. IF I click "Cancel" THEN changes made are not saved and I see slide 1 (true for
    slides 3-8)

Slide 3
Functionality: same as previously on the platform

Slide 4
Functionality: same as previously on the platform

Slide 5
Functionality: same as previously on the platform with two additions:
1. I can choose who can CHAT with me by clicking vine check-boxes. Clicking a
    check-box ALLOWS users within that vine to chat with me.

2. I can choose who can LOCATE me by clicking vine check-boxes. Clicking a check-box ALLOWS users within that vine to LOCATE me.

Slide 6
Functionality: same as previously on the platform

Slide 7
Functionality: same as previously on the platform

Slide 8
Functionality:
1. I can choose who can see my individual VINES by clicking check-boxes. The term "category" used below refers to the column of 5 categories (SchoolVine, WorkVine, PlayVine, FamilyVine and SpiritualVine) lined up under the "Library" tab.
    a. Example 1. IF I click "SchoolVine" check-box in my SchoolVine category, but leave all other check-boxes un-checked THEN ONLY my SchoolVine will be able to see members of my SchoolVine. No one else in any vines will be visible to users viewing my channel.
    b. Example 2. IF I click "SchoolVine" check-box in my SchoolVine category AND I click "SchoolVine" check-box in my "WorkVine" category but leave all other check-boxes un-checked THEN ONLY my SchoolVine will be able to see members of my SchoolVine and WorkVine. No one else in any vines will be visible to users viewing my channel.
    c. Example 3. IF I click "SchoolVine" and "WorkVine" check-boxes in my SchoolVine category but leave all other check-boxes un-checked THEN only my SchoolVine and my WorkVine will be able to see members of my SchoolVine. No one else in any vines will be visible to users viewing my channel.
    d. NOTE: those users who are not given access to view a vine(s) will not see the "VINES" tab on my channel. If they have partial access then they will see the VINES tab but will only see those vines which to which they have access
2. NOTE: see Slide 9 for what a user who has Limited Vine Access sees. In the case of Slide 9, Lance has given the user access to ONLY his SchoolVine, PlayVine and SpiritualVine.
3. I can choose who can see the contents of my HISTORY TAB by clicking check-boxes. If I choose to allow all vines except my SchoolVine to view my History then those in my SchoolVine will not see my History tab when the come to my channel.

Slide 9:
Example of Limited Vine Access
